ABOUT ME

Hi, I'm Junaid Haque, a passionate BCA second-year student with a knack for creativity and technology. As a full-stack developer, I love building dynamic and user-friendly web applications, seamlessly blending front-end and back-end development. Alongside coding, I'm a skilled graphics designer, crafting visually appealing designs that bring ideas to life. My journey in tech and design is driven by curiosity, innovation, and a desire to create impactful digital experiences. When I'm not studying or working on projects, you can find me exploring new tools, refining my skills, or brainstorming creative solutions to real-world challenges!

EDUCATION

2023 - Till Now

Karim city college -
Sakchi

Bachelor of computer application (BCA)

I chose BCA to chase my passion for coding and tech. As a full-stack developer and graphics designer, its programming and web development focus builds my skills for a tech career.

2021 - 2023

Karim city college -
Mango

Intermediate (11th & 12th)

I selected Intermediate in Commerce at Karim City College, Mango, to broaden my knowledge. This choice allowed me to build a versatile foundation, paving the way for my BCA.

2010 - 2021

G.R.D English High
School

Matriculation

EXPERIENCE

2020 - Till Now

Self improvement and
competitions

Hackathon (Panasonic)

I participated in a hackathon which was organised by Panasonic. Even though I don't win the competition but I learned so many things and meet new peoples.

Hackathon (Uber & LinkedIn)

I participated in a hackathon which was organised by Uber and LinkedIn and this was a team typed hackathon, and we got the top 10 best team position
